

Welcome to Flowtech Expo

Int'l Valves and Pipe Fittings, Fluid Machinery and Process Equipment Exhibition

Flowtech Expo

The **Flowtech Expo** is an international exhibition dedicated to valves, pipes, pipe fittings, pumps, fluid machinery, and process equipment. It serves as a premier platform for companies and professionals involved in fluid and mechanical engineering to showcase their latest innovations, products, and technologies. Here's a breakdown of what the Flowtech Expo typically focuses on:

Key Sectors Covered:

1. Valves and Actuators:

- Industrial and domestic valves.
- Control and safety valves.
- Valve actuators and accessories.

2. Pipes and Pipe Fittings:

- Metal, plastic, and composite pipes.
- Fittings for plumbing, gas, and water systems.
- Specialized connectors, flanges, and seals.

3. Pumps and Fluid Machinery:

- Centrifugal, diaphragm, and gear pumps.
- Hydraulic systems and fluid mechanics equipment.
- Pumping systems for industrial, municipal, and commercial use.

4. Process Equipment:

- Heat exchangers, boilers, and pressure vessels.
- Compressors, mixers, and separators.
- Custom process systems and fluid handling equipment.

Exhibitor profile

Flowtech Expo

Int'l Valves, Pipes, Pipe Fittings, Pumps, Fluid Machinery, and Process Equipment Exhibition

attracts a diverse range of exhibitors, offering cutting-edge solutions and products across various sectors. These exhibitors include:

1. Manufacturers of Valves and Fittings

- **Product Range:** Gate valves, globe valves, ball valves, butterfly valves, check valves, control valves, and specialty valves.
- **Industry Focus:** Oil & gas, petrochemicals, water treatment, power generation, and general industrial applications.
- **Key Exhibitors:** Leading global and regional valve manufacturers, OEMs, and suppliers specializing in industrial, commercial, and utility valve systems.

2. Pipe and Pipe Fitting Manufacturers

- **Product Range:** Seamless and welded pipes, elbows, flanges, couplings, and pipe fittings.
- **Industry Focus:** Construction, infrastructure, HVAC, water management, oil & gas, chemical industries.
- **Key Exhibitors:** Companies offering solutions for fluid transport, drainage, and structural integrity in various industrial applications.

3. Pump Manufacturers

- **Product Range:** Centrifugal pumps, positive displacement pumps, submersible pumps, vacuum pumps, and hydraulic systems.
- **Industry Focus:** Water and wastewater, mining, agriculture, energy, pharmaceuticals, and chemical processing.
- **Key Exhibitors:** Global pump manufacturers offering high-efficiency, durable solutions for fluid transfer and process control.

4. Fluid Machinery Providers

- **Product Range:** Compressors, fans, blowers, turbines, and agitators.
- **Industry Focus:** Energy, manufacturing, HVAC, oil & gas, and process industries.
- **Key Exhibitors:** Companies showcasing advancements in energy-efficient machinery and customized solutions for fluid movement and control.

5. Process Equipment Manufacturers

- **Product Range:** Heat exchangers, pressure vessels, filtration systems, mixers, separators, and industrial automation equipment.
- **Industry Focus:** Chemical processing, food & beverage, pharmaceuticals, power generation, and refining.
- **Key Exhibitors:** Industry leaders providing integrated solutions that optimize process efficiency, safety, and sustainability.

6. Suppliers of Supporting Technologies

- **Product Range:** Instrumentation, control systems, monitoring solutions, IoT applications, and smart technologies for process automation.
- **Industry Focus:** Industrial automation, process optimization, and energy management.
- **Key Exhibitors:** Companies offering digital and IoT solutions for optimizing the performance and safety of fluid systems and process equipment.

7. Service Providers

- **Services Offered:** Maintenance, inspection, installation, calibration, and engineering consulting.
- **Industry Focus:** Oil & gas, energy, water management, and industrial processing.
- **Key Exhibitors:** Providers offering end-to-end services to enhance operational efficiency and equipment longevity.

Why Visit Flowtech Expo?

1. Discover the Latest Innovations

Flowtech Expo brings together the most cutting-edge solutions in fluid technology. Attendees will get firsthand experience with new products and technologies that are shaping the future of the industry.

2. Network with Industry Leaders

Rub shoulders with top professionals, engineers, and decision-makers. This event provides a platform to connect with key players, exchange ideas, and establish partnerships.

3. Gain Insights from Experts

Attend seminars and workshops led by industry experts. Learn about the latest trends, regulatory updates, and best practices that can drive your business forward.

4. Tailored Solutions for Your Business

Flowtech Expo is the perfect place to find solutions customized to your company's specific needs. Exhibitors offer hands-on demonstrations, allowing you to evaluate products and services on the spot.

5. Exclusive Access to New Launches

Be the first to see and explore new products and technologies being launched at the Expo. This gives your business a competitive edge by adopting the latest innovations before they hit the broader market.

6. Engage in Live Demos

Experience live demonstrations of systems and equipment. This interactive format lets you see technologies in action and understand their practical applications.

7. Build Strong Supplier Relationships Meet face-to-face with suppliers and manufacturers to negotiate deals, build relationships, and explore cost-effective solutions for your operations.

Visitor Benefits at Flowtech Expo

Attending **Flowtech Expo** provides numerous advantages for professionals in the fluid technology industry.

Here's what you can expect:

1. Access to Cutting-Edge Technology

Explore the latest products, innovations, and solutions that are transforming the industry.

2. Networking Opportunities

Connect with industry leaders, suppliers, and potential business partners. Build relationships that can enhance your business growth.

3. Live Product Demonstrations

Experience products in action through live demos, allowing you to evaluate their real-world applications and benefits.

4. Tailored Solutions for Your Business

Find custom solutions and get expert advice from exhibitors to address your specific business needs.

5. Exclusive Discounts and Offers

Benefit from special event-only discounts and promotions offered by exhibitors.

6. First to Know About New Launches

Be among the first to see and learn about new product launches and groundbreaking innovations in the field.

Join us at Flowtech Expo and make the most of these exclusive benefits!

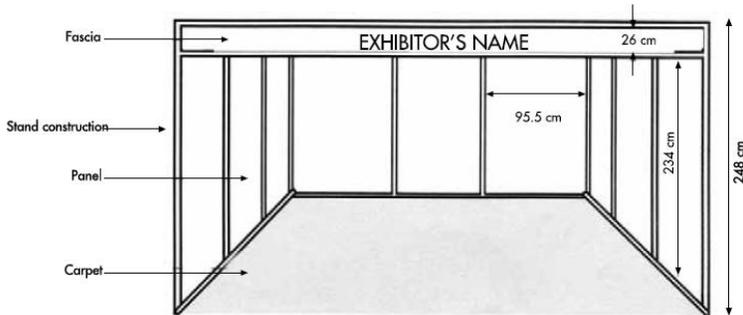

How to Participate?

Exhibition space is allocated on a first come, first served basis.
Please consult with our marketing team to ensure you offered space.

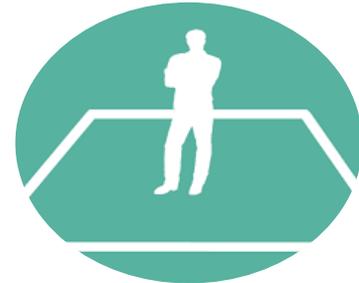

OPTION 1

Euro € 290 per m² SPACE WITH ORGANISER'S STAND-FITTING SERVICE

Including floorspace rental, stand construction, carpet, fascia, fluorescent lighting, stand carpet cleaning.
Minimum space size for this option 12 sqm

OPTION 2

Euro € 260 per m² SPACE ONLY

Allows you the flexibility to build your own stand.
Minimum space size for this option 24 sqm
